### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-23 are considered allowable since when reading the claims in light of the specification, none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims. As to claims 1-13 and 21-22, the prior art of record does not teach the wireless network notifying the transmitting host when the wireless receiving host is in handoff and when the wireless receiving host is no longer in handoff. As to claims 14-20, the prior art of record does not teach the transmitting host receiving notifications of when the wireless receiving host is in handoff and when the wireless receiving host is no longer in handoff. As to claim 23, the prior art of record does not teach means for notifying the transmitting host when the wireless receiving host is in handoff and when the wireless receiving host is no longer in handoff. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
